

Press release January 2009

# GROVEMERE

**S**omething fresh and different evolving under the Copenhagen skies – the newly born electronica project, *Grovemere*, is in the studio preparing a captivating debut album.

Having featured as vocalist on several other artists' productions the driven being behind

*Grovemere* has decided finally to focus on the manifestation of her solo project.

In these days the studio work is focused on the creation of a mood saturated debut album, getting *Grovemere* ready for its destination:

*Listeners' ears, minds and hearts.*

This album will be featuring a diversity of tunes guiding the listener through the dreamy, evocative and synth saturated universe of *Grovemere*.

## **A**bout Grovemere:

*Grovemere's* international and experimental sound can be characterized as a mixture of electronica and dream pop holding elements of Celtic and classical.
